

People Need Clean Water

Over 600 million people, including hundreds of thousands in Central America, lack access to clean water and adequate sanitation. Many families in rural communities still collect water from contaminated rivers or other unprotected groundwater sources. Even with great progress, still today in the year 2021, a child dies every 60 seconds due to water borne illnesses resulting in 1 in 5 children not living to their 5th birthday.

Participate in #SaveWaterGiveLife, a Global Water Initiative

As a Weathermatic customer benefitting from our water management products and services, your business with us automatically supports this inspiring program that works in thirsty communities to provide **a lifetime supply of water for one person for every single smart controller we install: one for one.** Social responsibility and sustainability combine to become part of your own cause through this exciting opportunity to save water locally while giving life to people around the world!

Progress is Paramount

You and Weathermatic partner to fund the Save Water, Give Life, cause that creates safe water projects like water well drilling in countries from El Salvador to Nicaragua to Sierra Leone. Together we're impacting schools, villages, and churches to save over 25,000 lives in 70+ communities and counting in communities like San Luis, San Marcos, Rio Medina, Maximino Barreto, Semilla de Esperanza - to name a few. With your participation, we can do more - much more. Let's partner to save even more lives!

For every single smart controller installed,

We give a lifetime supply of water for one person

To make a tax deductible donation visit weathermatic.com/donate or use the camera on your mobile device to scan the QR Code.

Our mission is to deliver clean drinking water to thousands of families in need, and to inspire our partners to put water first in irrigation, design, installation, and maintenance.
